[Despatch Abstract.]

SUBJECT.- "AR- Public Health- D.S. Central Quinine Office:- Payment to Provincial Govts.:- Revised estimates for 1948-'49 and Budget estimates for 1949-50- Forwarded to the Govt. of India.

****

Estimates showing the provision of funds required under '52 Public Health D.5 Central Quinine Office- Payments to Provincial Governments (Central) in the Revised Estimate 1948-49 and Budget Estimate 1949-50 respectively on account of the contribution by the Government of India towards expenditure on the "scheme of Vegetative Propagation of Cinchona" undertaken by the Government of Madras:---

Description of charges.	Budget Estimate 1948-49.	Revised estimate 1948-49	Budget estimate 1949-50.
Non recurring expenditure viz., expenditure on buildings and equipments.	Nil	11,300	1,800
Recurring expenditure on staff.	Nil	28,600	16,900
		39,900	18,700

EXPLANATIONS FOR VARIATIONS.

Revised Estimate 1948-49:-

In the Budget Estimate 1948-49 no provision was made for the Government of India's contribution for want of sanction. Provision is now made on the authority of letter F. 3.5/47 dated 7-5-1948 from the Government of India, Ministry of Health to the Secretary to Government, Development Department, Madras. The revised estimate 1948-49 includes a sum of Rs 15,000/- towards the Government of India 's contribution for the expenditure incurred on staff from January 1947 to March 1948 which was not transferred to the Central Estimates previously.

Budget Estimate 1949-50:-

The buildings in respect of which contribution is payable by the Government of India are expected to be completed in 1948-49 and hence the decrease under "non recurring expenditure". The Budget estimate 1949.50 under "recurring expenditure on staff" provides for the probable expenditure during the year concerned along unlike the Revised Estimate 1948-49 which includes provision for contribution in respect of the expenditure during the previous years also. Hence the difference.

Recurring expenditure:-			
on the cost of staff.	Nil	28,600	33,500 (b)
Total.		39,900	43,200

Explanatory notes.

...

1. The reasons for not providing any amount in the Budget Estimate and for asking for provision of funds now were explained in the Revised Estimate.

2. The variations between the Revised Estimate and the final estimates now proposed are explained below:

i) Non recurring expenditure:- The reduction is due to the anticipated delay on the part of contractors in executing the works and making supplies, etc., and the consequent reduction in the amount of expenditure in respect of which a share is recoverable from the Government of India.

ii) Recurring Expenditure:- The slight increase is due to the provision required in the current year to meet the contribution of the Government of India in respect of certain items of expenditure incurred previously.

Sub: CINCHONA Plantations- Madras Government's scheme of vegetative propagation- Contribution for the Centre.

With reference to your letter No. 117926 K/48-6 dated the 27th January, 1949 on the subject mentioned above, I am directed to say that as work under the Provincial Government's extended scheme for the improvement of their cinchona plantations by means of vegetative propagation is a continuation of the research work which has been going on for some years past, the Government of India do not propose to discontinue their contribution towards the scheme sanctioned in this Ministry's letter No. F.3-5/47- Q dated the 7th May 1948. I am to add that as proposed by the Provincial Government a provision of Rs. 18,700/- has been included in the budget estimates for 1949-50 under the head "52-Public Health D.5. Central Quinine Office- D.5. (4) Payment to other Governments etc." to meet the Government of India's contribution towards the scheme for the year.
